WHAT IS CASE MANAGEMENT?

Case Management is a long-term relationship between you (the client) and a case manager that helps to identify your needs and goals, and plan the steps to achieve them.

Case management is a partnership that requires hard work and commitment from both you and the case manager to be successful.

HOW DO YOU KNOW IF CASE MANAGEMENT IS RIGHT FOR YOU?

- ◆ Have you decided that you need to make some changes to reach your goals in life?
Yes No Maybe
- ◆ Do you need support to make a plan to reach your goals?
Yes No Maybe
- ◆ Are you willing and ready to commit to a change in your life?
Yes No Maybe
- ◆ Are you able to commit time and effort to achieving your goals?
Yes No Maybe
- ◆ Do you have a strong desire to be self-sufficient?
Yes No Maybe
